Producer's Note: *...for Auld Lang Syne...Memories...that's what this recording is about; from 1971 in Philadelphia to 2007 in Denver. The title song was recorded during the 2007 International Contest in Denver. Other songs are from recent annual shows at Goucher College Kraushaar Auditorium and from dedicated recording sessions at North Point Government Center in Dundalk. We've had fun making this CD and we hope you enjoy listening just as much.*
